Related products	Art. No.
System trolley	5581 038 500

SYSTEM CASE 8.4.1

Size grid dimensions

ORSY

Connect several cases

Closures with recessed handles

Homogeneous inner surface

Lateral recessed handles

All-round red elastomer seal

Inside hinges

Ideal for flexible storage of small parts, machines and tools used with consumables

Compatible and flexible thanks to grid dimensions

- Allows individual composition of contents in different application areas
- Possible to use case and contents in the system components ORSY1 shelving system, ORSY BULL system boxes, TOOLsystem workshop trolley, and the vehicle interior equipment

Connect several cases

Integrated rail contour and coupling elements allow you to connect multiple cases and to carry out safe transportation.

With several functional elements

- Integrated elastomer seal protects the contents from rain
- Simple opening and closing with closures with recessed handles
- Label section for adhesive or inserted labels

Very comfortable to wear

- Large handle design
- Integrated soft elements and wide swivel radius relieve hands and wrist
- Handle with up to 60 kg capacity
